

■ ABOUT

UC Santa Barbara graduate with a BA in Global Studies and a minor in Media & Art Design, an academic foundation built on understanding people, culture, and the world we inhabit. Self-taught in AutoCAD and SketchUp, with a design sensibility drawn to open, fresh spaces that blend biophilic warmth with a neo-industrial edge. Backed by client-facing experience across hospitality and retail, and a global perspective that informs every design decision, from sourcing to spatial storytelling.

■ EDUCATION

University of California, Santa Barbara

EXPECTED 2026

BA, Global Studies · Minor, Media & Art Design

Studio-based curriculum in design theory, spatial composition, interactive media, and emerging design technologies. Mentored directly by practicing designers and architects, with required portfolio development in design thinking and fabrication. Global Studies coursework in cultural globalization, international trade, and supply chain ethics grounds a design philosophy where sourcing is as considered as it is beautiful.

Carlos III University

MADRID, SPAIN · 2024–2025

Study Abroad

Full academic year immersed in one of Europe's most design-forward cities, practicing and using Spanish daily outside the classroom. Developed a firsthand understanding of ambient hospitality design, social spatial architecture, and European material culture that directly informs current design work.

Convent High School

SAN FRANCISCO · 2022

International Baccalaureate Diploma

A rigorous course load built a foundation in written communication and time management. Raised in San Francisco, a city defined by Victorian architectural detail, cutting-edge technology, and a vibrant arts culture, which shaped an early and lasting design sensibility.

■ SKILLS & PROFICIENCIES

DESIGN & TECHNICAL

AutoCAD & SketchUp

Self-taught; used for drafting and visualizing spatial layouts.

Design Software

Canva, TouchDesigner, MindMapper, and Processing, applied across residential design, academic installations, and media projects.

Independent & Self-Directed Learning

Built AutoCAD and SketchUp proficiency entirely outside coursework, developing a portfolio that shows both technical skill and personal aesthetic.

COMMUNICATIONS

Written Communication

Six research-driven articles published; recognized for clarity, depth, and audience awareness.

Professional Outreach

Secured interviews with government officials and NGO leaders through cold outreach.

Media & Brand Design

Designed and launched a club website and Substack from scratch; managed Instagram brand identity and visual consistency.

LANGUAGES

English: Professional fluency

Spanish: Intermediate, conversational

French: Beginner

■ INTERIOR DESIGN EXPERIENCE

Residential Redesign

JAN – APR 2026

925 Camino Lindo · Goleta, CA

- Independently redesigned a 6,098 sq ft university student home (housing eight residents) into a refined single-family residence, taking every room, plus front and back yards, from AutoCAD technical floor plans through fully rendered SketchUp 3D interiors via self-directed learning.
- Demonstrated the ability to work across multiple design languages within a single project and to use online software to produce a polished, presentation-ready final deliverable.

PROJECT SCOPE

- Kitchen with blue marble surfaces, dark oak cabinetry, and a banquette dining nook
- Two distinct bedroom suites, two bathrooms, and a study / home office
- Exterior remodel with updated landscaping and facade
- Outdoor pergola dining area with built-in BBQ, fire pit lounge, hot tub, and a glass-walled home gym, all designed to scale and rendered photorealistically

Freelance 3D Modeler

JUN – JUL 2026

Westward Atelier · One Sky Terrace Kitchen Model

- Commissioned to produce a photorealistic 3D model of the kitchen for a home remodel, giving the client a clear pre-renovation visualization of the space.
- Built the model from provided floor plans, furniture specifications, and material textures, ensuring accurate scale, layout, and finishes.

■ PROFESSIONAL EXPERIENCE

Writer / Journalist

2024

The Borgen Project

- Researched, wrote, and published six articles on complex global issues, demonstrating strong written communication and audience awareness.
- Independently secured interviews with government officials and NGO leaders through cold outreach, demonstrating initiative, professionalism, and relationship-building.
- Earned the Chief Closer Award for exceeding fundraising targets, reflecting strong follow-through and persuasion skills.

Desk Attendant

2025

UCSB Conferences & Hospitality

- Oversaw guest experience and environmental presentation for 17,000+ visitors, ensuring spaces remained organized, welcoming, and visually consistent with brand standards around the clock.
- Managed check-ins, billing, room access, and detailed operational logs in a fast-paced, 24-hour environment, developing precision, accountability, and independent judgment under low supervision.

Media & Brand Manager

2023 – 2024

The Real Food Challenge · UCSB Branch

- Independently designed and launched the club's website and Substack, *FullBellyFullMind*, from scratch.
- Managed the club's Instagram, applying visual identity, layout, and brand consistency across all platforms.

Barista

2021

Project Juice

- Leveraged customer service experience to develop a keen eye for aesthetic detail, ambiance, and creating inviting environments where people feel comfortable and want to linger.
